CHAIRMAN'S MESSAGE

Thiru. V. Shanmugan
Chairman
Sri Nandha Educational Trust

I take immense pleasure in welcoming you to **Nandha Educational Institutions** with main aim of transforming the education to meet the changes in the human resources needs of the country and the emerging global village. Nandha Institutions are designed to provide talented and ambitious students with the knowledge and skills necessary to achieve positions of leadership within their chosen profession. Every Institution functioning under this trust has excellent facilities for Curricular, Co-Curricular and Extra-Curricular activities coupled with an unparallel commitment to a friendly learning environment and promoting the multifaceted growth and skills oriented development of its students by a team of well-trained faculties. In our Institutions all the members are worth experienced and we, in turn, take seriously our responsibility to foster and support excellence in teaching and to offer personal attention and care to each member of the Nandha community, I take this opportunity to wish you success in all your endeavors.

SECRETARY MESSAGE

Thiru. S. NANDHA KUMAR PRADEEP
SECRETARY
SRI NANDHA EDUCATIONAL TRUST

I feel very pleasant to note that the Principal and Staff members had joined their hands to upgrade the college status through NAAC accreditation. I am happy to note that Nandha is following the ideals of integrated learning by giving opportunities to students to develop their personality through different extracurricular activities and soft skill courses. An important component of academic excellence is remarkable faculty that teaches with skill and passion.

Let the blessings of happiness and prosperity and success be showered on all.

SECRETARY MESSAGE

Thiru. S. THIRUMOORTHI
SECRETARY
NANDHA EDUCATIONAL INSTITUTIONS

I am enchanted to know that Principal and Staff members had joined their hands to upgrade the college status through NAAC accreditation. Our dream and vision is that each of our students is shaped as good employable citizen, empower them and thus improve their self-esteem.

I praise the great interest and efforts taken by the Principal and Staff members and wish all the success.

PRINCIPAL MESSAGE

Nandha Arts and Science College, affiliated to Bharathiar University imparts value based quality education to both boys and girls. The college boasts of highest pass parentage and securing university rank every year. Had a humble beginning a decade ago it has raised with ten departments and two research departments due to the earnest efforts made by the management, staff and students. Nandha Arts and Science College always stands for values and empowerment of the poor. There are sizable numbers of first generation students from the rural areas are studying in our college. As a principal of the college, I provide academic leadership and direction to maintain the academic standards and strive hard to make our students employable. Nandha Arts and Science College has pollution free campus with new hostels equipped with modern amenities, central library, language lab, round the clock medical care, smart class rooms, twenty four hours free internet facilities etc., Campus placement is the prime priority in our college. My dream and vision is that each of our students becomes a socially responsible, patriotic and compassionate servant of the society, serving it with patience and perseverance.

PART A: Executive Summary – The SWOC analysis of the Institute.

Nandha Arts and Science College, a self-financing college affiliated to Bharathiar University, Coimbatore, Tamil Nadu is located on the corridor of state highway between Erode-Coimbatore near Perundurai, Tamil Nadu. **Nandha Arts and Science College, Erode** was established in 2000 by Sri Nandha Educational Trust is yet another milestone in the Trust's march to attain excellence in the field of higher education. It can be rightly said that it is build on the fruitful experience of an excellent past to guarantee a promising future. The college is affiliated to Bharathiar University, Coimbatore and also its examination centre for its School of Distance Education in this part of Erode District. The main aim of the college is to provide value-based technical education and mould the character of younger generation and to be a world class Engineering institution in leading technological and socio-economic development of the country by enhancing the global competitiveness of technical manpower and by ensuring high quality education, dissemination of knowledge, insights and intellectual contributions.

The College started with four branches of undergraduate courses twelve years ago, and has grown to a multidisciplinary institution with eleven UG courses, four PG Courses, four M.Phil programmes and two Ph.D programmes. Importantly, with the direction from the well-known educationalist Dr.S.P.Viswanathan, Former Registrar, Bharathiar University guided in the growth of the College, has been well planned to excel and aimed to meet the specific needs of our industry and the growing academic interests of the student community.

The strategic planning to improve the quality of education, Research & Development and Innovation using various objectives is based on the Strength Weakness Opportunities and Challenges (SWOC) Analysis. The SWOC analysis was performed in a population of all the stakeholders such as students, parents, teachers, personnel in the administration and human resource personnel from the industries. These analysis highlighted similar attributes as the strengths in curricular, co-curricular and extracurricular areas in the undergraduate educational system of the College. Specifically, the attributes like 80-90% graduation rate with approximately 40% having distinction, more than 90% placement for all the eligible graduating students and more than 50% students, who have opted to go for higher education programme and also enroll in foreign universities reflect the existence of a high-quality undergraduate programme in our college.

These are the unique selling points of the College, also. These characteristics of this College have aligned with the mission of the College, which states "Offering excellent education to men and women at undergraduate and post-graduate levels".

SWOC ANALYSIS

The SWOC matrix was defined with certain parameters. The following are the Key findings from the SWOC analysis on Strengths, Weaknesses, Opportunities and Challenges.

STRENGTHS GENERAL:

1. The College, which is 12 years old, has secured a good image in the public. It is the most sought private Arts and Science College in this region, by the students and parents.
2. The college is situated in a spacious 10.99 acres campus, on the State highway between Erode to Coimbatore.
3. Mr.V.Shanmugan, a renowned educationalist and well known person, is the chairman of our Institution.
4. The institution has got excellent infrastructure for graduate and undergraduate programmes.
5. The college has 21 Mbps internet connectivity and a professionally designed website www.nandhaarts.org.

ACADEMICS:

1. More than 85% of students graduate every year, on a consistent basis.
2. Our students consistently secure University ranks (about 10 students on an average, every year are placed in the top 10 University ranks).
3. Additional topics, beyond syllabus are covered by the teachers.
4. College works for 5 days in a week, in a staggered manner, so that the students and faculty get an extra day for special coaching, research and other professional development activities.
5. The college recognizes and appreciates top academic performers in each class in the internal evaluation and University examinations.
6. The college has set up five smart classrooms and is in the process of converting every class room to a smart class room.

FACULTY MEMBERS:

1. The faculty members are an ideal blend of youth and experience, 5% of faculty members are Ph.D. holders and 40% of the faculty members are registered for Ph.D. All are highly motivated.
2. The faculty retention is excellent. They are given full academic freedom.
3. Responsibilities and authorities are delegated to H.O.Ds and Deans, which have resulted in a transparent management.

RESEARCH:

1. College sponsors faculty for Ph.D and Research.
2. College sponsors faculty and students for presenting research papers in international conferences.
3. Incentives and rewards are given for research paper publications in national and international journals.
4. Almost all eligible departments have been recognized as Research Centres by Bharathiar University, Coimbatore, Tamil Nadu.
5. Many members of our faculty have been recognized as the Ph.D / M.Phil research guides by Various Universities.

ACCREDITATION:

11 UG and 4 PG courses have been given permanent affiliation by the Bharathiar University.

STUDENT CENTRIC:

1. Five percent of tuition income is distributed as scholarships / tuition fee waiver to students.
2. Corpus fund is used for providing assistance to students for purchasing books and instruments.
3. Personality and professional development of students are given importance in the students' Evaluation processes.
4. Students are good at organizational capabilities.
5. Students are actively counseled by the faculty advisors. One faculty advisor / Tutor is nominated for every class.
6. Students give feedback on teachers.
7. Hostel facility to accommodate 100 men and 100 women students is available.
8. Excellent placement record - More than 90% of eligible undergraduate students got placed every year in leading companies.
9. More than 50% of eligible students pursue higher education in India and Overseas.
10. Presence of a strong alumni base - alumni supports the college by way of giving scholarships, guiding the students, Industry Institute Interaction, etc.
11. The teachers through Placement cell conduct special coaching classes at the language laboratory to improve the soft skills and employability of students.
12. Parents meet are organized once in a semester to take their feedback and take corrective actions.
13. Twenty-four hour's medical care is available in the College.
14. The college houses a indoor sports complex having gymnasium, TT, Basket ball etc.,

INTERACTION WITH INDUSTRY:

1. The college has entered into MoUs with leading industries, which are being pursued actively.
2. An active Entrepreneurship Development Cell is headed by an Assistant Professor to mould the students to become entrepreneurs.

WEAKNESSES

1. Industry Institution Interaction needs to be strengthened further.
2. Faculty with industrial experience is less in number.
3. Communication skill of ≈15% students needs to be improved.
4. Library to be expanded to cater to growing research needs.
5. The College is affiliated to the Bharathiar University and hence has limitation in upgrading by curriculum.
6. Consultancy and extension activities need improvement.
7. No technology incubators to transfer the technology to industries.

OPPORTUNITIES

1. Situated near Perundurai, where SEZ helped in vigorous growth of the region. Also, the area is a hub for the automobile, Textiles and other industries.
2. The technology is developing at a rapid rate. Nanotechnology and Cloud computing are the recent technological advances to name a few.
3. The students have become more demanding. The students have a large potential, which can be honed.
4. The interdisciplinary research in niche areas is the need of the day, which gives opportunity in all areas.
5. As the faculty members are being paid a higher pay as per the 6^{th} pay commission, faculty retention is better.
6. Student exchange programmes with premier institutions in India and Foreign Universities are possible.

CHALLENGES

1. Changing Social and economical scenario leading to unpredictable future.
2. Coping with rapid changing in technology and the industrial requirements to improve the employability of the students are the biggest challenge for an Institution affiliated to a University.
3. Declining supply of quality faculty, doctorates as well as exposing the teaching faculty to the Industrial scenario and get them trained in an industry is another challenge.
4. Unpredictable and declining quality of students may exert pressure on the teachers.

The above lists give a comprehensive list of the SWOC analysis of the college.

The college has good infrastructure and a well maintained campus. It has two streams (Arts and Science) at U.G., P.G., M.Phil and Ph.D level with highly qualified staff. Regular Classes are held in the college along with extracurricular activities.

2.2 CATERING TO DIVERSE NEEDS OF STUDENTS

2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?

Differently-abled students are provided with scholarships as per the Government rules. They are provided with facilities in the college as per govt. norms and the university guidelines:

1. Ramp facilities were provided for Lab and Library.
2. Separate seat arrangement during class, lab and library hour.
3. Three wheelchairs are arranged.
4. Special arrangement for writing exams.

2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programmed? If "yes", give details on the process.

Yes, 15 days bridge courses were conducted every year before the commencement of the course. Tally for commerce students, Basic computer, Spoken English, Communication skills, Yoga and First aid programmed were conducted as bridge courses. After the commencement of classes, the tutors concerned will have interactive sessions with the students to identify their knowledge and skills as well as their drawbacks in academic and extracurricular activities and will give due attention and guidance to improve them.

2.2.3 What are the strategies drawn and deployed by the institution to bridge the knowledge gap of the enrolled students to enable them to cope with the programmed of their choice? (Bridge / Remedial / Add-on / Enrichment Courses, etc.

The following strategies are adopted to facilitate slow learners.

1. Make learning fun and comfortable. Provide meaningful, concrete activities rather than abstract.
2. Tutorial and remedial classes for slow learners and advance assignments for gifted learners
3. Parents of slow learners invited to discuss the progress with their wards.
4. Courses like Communication Skill, Personality Development, Computer training, Yoga and Human Rights are already running in the college.

5. Many guest lectures are arranged so that students can gain extra knowledge.
6. Weakly test are conducted
7. Evening classes were conducted.
8. Group discussion is encouraged among the students.
9. Re-test is conducted.
10. Guidance and Counseling is must for the slow learner.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?

We conduct workshops, seminars, conferences, contest on various topics and the college has constituted Women's Cell with Ms.P.Ramya as its chairperson to sensitive gender issues and issues of environment etc. Copies of the reports are sent to the University.

We also have Anti Ragging cell and Grievance Redressal cell. Suggestion box were fixed in the entire block.

2.2.5 How does the institution identify and respond to special educational / learning needs of advanced learners?

1. Reduce distractions by providing a quiet, private place to work.
2. Add variety of academic routine. Do active things
3. Work on materials that is somewhat challenging but allows success.
4. Make learning fun and comfortable. Provide meaningful, concrete activities rather than abstract.
5. The advanced learners are given special attention and guidance in order to make them eligible for various competitive exams at the center and state level.
6. Extra Library hours.
7. Del Net facility
8. Conduct class and department seminar.
9. Paper presentation.
10. Power point slideshow for each subject.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc.)?

The Academic Monitoring Committee in consultation with the concerned Subject teacher prepares list of students of differently abled and weaker section students whose performance is not satisfactory and who are at the risk of drop out. Such students are motivated by the counselors, motivational sessions by the experts organized.

Awareness and counseling regarding right to education for women are passed to the society.

Physically challenged students are provided with scholarships as per the Government rules. Other facilities and comfortable environment were provided.

Parents of slow learners invited to discuss the progress with their wards. Courses like Communication Skill, Personality Development, Computer training, Yoga and Human Rights are already running in the college. Many guest lectures are arranged so that students can gain extra knowledge. Weakly test, Evening classes and Re-test were conducted. Guidance and Counseling is must for the slow learner.

For economically weak students, fees concession are provided.

2.3 TEACHING-LEARNING PROCESS

2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)

1. **Academic calendar:** Nandha Arts and Science College is affiliated to Bharathiar University and has to adhere to the academic calendar published by the University. Academic calendar is provided to the entire student on the college opening day. The calendar include all the information regarding college reopening, internal exam schedule, seminar schedule, University exam date, extension activities, enrichment programme and others.
2. **Teaching plan:** The entire faculty member maintained their own teaching plan and teaching material.
3. **Evaluation blueprint:** University syllabus, Examination answer keys and mark list blueprint was prepared by faculty member.

2.3.2 How does IQAC contribute to improve the teaching – learning process?

IQAC has been established in the college. The focus of this plan is to ensure the improvement in the entire college by making new innovative techniques and providing knowledge in different ways. In order to prepare them to face national and global challenges such as national and international seminar in other college. Faculty development programme, Orientation and Enrichment programmes are organized for the faculty member.

2.3.3 How is learning made more student-centric? Give details on the support structures and Systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

The college has student centered pedagogy with the active participation of UG, PG, M.Phil and Ph.D students like class seminars, department seminars, paper presentation, project works, field trip, group discussions and innovative science exhibition.

2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?

Through project writing, presentation and case studies students are encouraged to participate in state level, national level and international level seminars, workshops and other competitive events. Students are also encouraged to read articles / research papers/journal/competitive success and many other current affairs magazine and present them in classroom. Students are sent to nearby industries to enhance their innovative skills.

2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories, e-learning resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

` Use of modern teaching aids and tools like computers, audio-visuals multi-media, ICT, CAL, Internet, Del Net and other information /materials is encouraged by the college authorities.

Computer assisted learning has been introduced in some departments. Facilities such as LCD Projector, OHP, Computer and the Internet are being used for teaching and tutorial.

2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

To keep abreast of the new developments in the respective areas of specialization, teachers & PG students and researchers are encouraged to attend seminars / workshops / conferences to attend refresher / orientation courses organized by other universities and institutions of the country (Details are given in the Department profile). Different seminar, symposium were conducted to enrich their knowledge's in other college "MOU".

2.3.7 Detail (Process and the number of students / benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling / mentoring / academic advice) provided to students?

Reports are provided by Career Guidance Cell and Academic Monitoring Committee to the Principal periodically. These reports are discussed item-wise in the fortnightly meetings with the Principal and on month-end with the Management.

2.3.8 Provide details of innovative teaching approaches / methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faulty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

Each department has a system for the evaluation of teachers by students, through a feedback mechanism. This is carried out at the end of the course in UG level and at the end of second and fourth semesters in PG level. Based on the report from such feedbacks, appropriate action will be initiated by the principal to improve the quality of teaching. A report is prepared based on the feedback of the students on curriculum, course contents and other aspects of teaching-learning and appropriate action is taken to improve the quality of the academic programme.

2.3.9 How are library resources used to augment the teaching-learning process?

The library is enriched with recent books, journals, magazines, encyclopedia and reference books. Library is used by the teacher & students apart from reading in the reading room. There is a general library which caters to the needs in general of the students and the

staff. Library is open to all students and members of staff of the college. Separate department library also maintained with their respected subjects and project records.

All the student and faculty member are encouraged to use the library. Separate library hours are provided for all the classes. Free hour are use as library hour for faculty members. News reading is made mandatory for the students. Best library uses award was given to particular student or staff member.

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If "yes", elaborate on the challenges encountered and the institutional approaches to overcome these.

No challenges have been face yet. The entire curriculum is completed in planned time frame and calendar.

2.3.11 How does the institute monitor and evaluate the quality of teaching learning?

Every department of the college constitutes its own association with students representatives. Many competitions are held annually in every department to assess the students overall progress like - poster making, essay competition, debate, general knowledge, paper presentation competition etc. Internal assessment is done at U.G and P.G. level and sent to the university.

2.4. TEACHER QUALITY

2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.

Positions	Teaching faculty						Non-teaching staff		Technical staff	
	Professor		Associate Professor		Assistant Professor					
	*M	*F	*M	*F	*M	*F	*M	*F	*M	*F

Sanctioned by Management/ Society or other authorized bodies Recruited			9	5	30	52	10	5	7	6
Yet to recruit										

***M-Male *F-Female**

The recruitment procedure as prescribed by UGC is scrupulously followed; also financial incentives are given for every additional qualification which has a bearing on the teaching and learning. Sabbatical leave provisions are also available to quiche their academic thirst. Teachers who are in service are given orientation and a specified minimum number of refresher courses in order to upkeep with that of the current developments in their domain. Certain financial and non-financial incentives are strategically provided for achievers and qualifiers in order to retain the talents. An attractive starting scale ensures required number of applications and a true selection takes place in order to fit the right HR to the right position.

2.4.2 How does the institution cope with the growing demand / scarcity of qualified senior faculty members to teach new programmes / modern areas (emerging areas) of study being introduced (Biotechnology, IT, Bioinformatics etc.,)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.

The principal appoints guest lecturers as per the guidelines of the government and U.G.C. to handle new programmes where permanent posts are not sanctioned by the Government. Less than 5% of the total faculty strength was appointed as guest faculty during the last three years. The staffs are allowed to participate in various seminars and the colleges organize guest lectures on specific title to enrich the staffs in new topics. The college encourages the faculty members to attend orientation and refresher courses and other training programmes that would improve their teaching and knowledge. The college does not keep away from the emerging areas or disciplines; instead, the faculty members are encouraged and supported to attain knowledge of new areas through orientation and refresher courses and other training programmes.

2.4.3 Provide details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

a. Nomination to staff development programmes

b. Faculty members' Training programmes organized by the institution to empower and enable the use of various tools and technology for improved teaching-learning

❖ **Teaching learning methods/approaches**

1. Several seminars and guest lecturers are arranged to enable the staff to improve the teaching learning process.
2. A training programme was conducted to familiarize the teachers to use the interactive boards.
3. Training was given to staff and students familiarizing them on INFLIBNET.
4. A training programme was conducted on ICT awareness**.**

- **Handling new curriculum**

  The concerned Department conducts sessions with the concerned teachers and the guest faculty to discuss ways of handling new curriculum.

- **Content / knowledge management**

  As this part requires interactive sessions, the concerned department prepares plans after discussion with the concerned faculties and outside faculties. National and regional seminars and workshops were conducted by all the departments.

- **Selection, development and use of enrichment materials**

  1. The college subscribes to a number of journals related to different disciplines.
  2. We have access to INFLIBNET and it helps us to gather information as required.
  3. The department of English publishes a quarterly little magazine named Littchat which enriches the literary skills of students.
  4. Manuscript magazines are published by all the departments every year.
  5. The college unions publish college magazines every year.
  6. A handbook on career search was prepared and provided free of cost by Training and Placement Cell.

- **Assessment**

  Materials are intensively and extensively prepared by the teachers from the internet and reference books to keep the resourcefulness and requirement of the students. The faculty members attend the training programmes conducted by the university on Evaluation and Assessment.

- **Cross cutting issues**

  WDC, NSS, YRC, RRC, EC, CC and other organizations of the college takes care of these issues.

❖ **Audio Visual Aids / Multimedia**

1. All faculty members receive training in handling interactive smart boards and related accessories to enhance teaching strategies.
2. A training program was organized by the Training and Placement Cell with the assistance of ICT Awareness.
3. Audio-visuals aids are made use of in academic deliveries and other co-curricular activities. Power point presentation is encouraged among the students and staff.

❖ ***OER's* Open Education Resources are being planned to be developed.**

1. The college provides access to INFLIBNET facility.
2. All departments have collections of digital texts and journals.
3. The college hosts EDUSAT facility.
4. Local radio networks and television channels are used as sources of information.

❖ **Teaching learning material development, selection and use**

1. Teaching learning materials are developed from the reference books at the beginning of the academic session and which are passed to the students.
2. Teachers are trained to explore the internet to create PPT presentations.
3. Teachers and students are encouraged to access information from INFLIBNET, EDUSAT and web resources.

❖ **Percentage of faculty member**

1. **Invited as resource persons in Workshops / Seminars / Conferences organized by external professional agencies.**

   15 Percent

2. **Participated in external Workshops / Seminars / Conferences recognized by national / international professional bodies**

   55 Percent

3. **Presented papers in Workshops / Seminars / Conferences conducted or recognized by professional agencies.**

   30 Percent

2.4.4 What policies / systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

The management provides all kinds of support to the teachers who are proposing to do research or publish a research papers. There is a provision for granting study leave and providing seed money to such teachers. The management encourages the faculty members to present papers and participated in various seminars and workshops by providing financial support. Teachers are supported to receive research grants from UGC and other academic bodies. 44 of our teachers are engaged in doctoral research. The principal and six teachers have already received doctoral degrees. Two of our faculties has submitted his thesis and is awaiting the award. The college facilitates research activities and encourages teachers to attend and present papers in seminars and conferences. Most of our faculty members have published works in reputed journals.

2.4.5 Give the number of faculty members who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/ achievement of the faculty members.

Nil

2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

Yes, there is a feedback form to be filled by the students and the suggestions are used by Academic Monitoring Committee in consultation with principal to suggest various ways of improvement. The institution collects feedback from the students at the end of each semester through specially designed questionnaire, and the data thus received is reviewed by the faculty members concerned and required alterations in teaching strategies and methods are done for the semesters to come. The procedure facilitates better transaction of learning materials in and out of the classroom and creates better academic ambience.

2.5 EVALUATION PROCESS AND REFORMS

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

Students and other institutional members are given general instructions regarding the evaluation methods. The periodic instructions issued by the university are promptly communicated to the students. Such instructions are read in the classrooms and the copy of the same is displayed on the students' notice board. The tutors are entrusted with the duty of providing awareness among the students regarding this. Students are informed through messages to their cell phone regarding absentees, internal marks, leave etc.,

The evaluation methods are informed to the students well in advance before the university examinations. The previous university examination question papers and model papers are made available to the students in the department library. The students are informed of class tests and assignments and their scores are displayed on the notice boards of the respective departments. Students are also informed of the schemes of evaluation, updates on curriculum revision, alterations in the question patterns and do’s and don’ts during practical examinations.

The university provides scheme of examination and changes in the evaluation strategies every academic year in selected centers, and the information collected from there are disseminated to the faculty members and students. Model examinations are conducted before the university semester examinations to prepare students to face the examinations with confidence.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

Setting of question papers, valuation of answer books and publication of results are carried out by the University. University is the sole authority for the implementation of reforms in examination and evaluation. Individual colleges do not have a direct role in this regard. However, faculty members who are part of the academic bodies of the University actively campaign for reforms in evaluation. The Continuous evaluation system for the P.G courses of the institution has been evaluated in this manner. The institution has adopted these reforms and follows the system meticulously. The university has also introduced the system of Continuous Evaluation where the faculty members evaluate and assess the students on the basis of his/her performance throughout the semester. The process of tabulation of marks is computerized, and displayed on the notice board of the respective departments. Complaints, if any are examined by the Students' Grievance Redressal Cell and recommendations are made to the departments concerned for rectification if required before forwarding it to the university.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

Setting of question papers, valuation of answer books and publication of results are carried out by the University. University is the sole authority for the implementation of reforms in examination and evaluation. Our college does not have a direct role in this regard. However, faculty members who are part of the academic bodies of the University actively campaign for reforms in evaluation. The Continuous evaluation system for the P.G courses of the institution has been affected in this manner. Being an affiliated college; it follows the rules prescribed by the University in connection with the implementation of CBCS programme. The evaluation reforms are implemented promptly and as part of it the faculty members continuously evaluate the performance of students in each semester.

2.5.4 Provide details on the formative and summative evaluation approaches adapted to measure student achievement. Cite a few examples which have positively impacted the system.

According to their performance the counseling's are made to the parents by the teachers. During the last few Years this method has proved extremely useful as 37 out of 40 students could get first class in B.Sc. Examination. Each department conducts unit tests, assignments, seminar presentations and viva voce as part of the formative evaluation of the CBCS programme in the college. As a result of this formative evaluation, the students can face the examinations without fright and can gather thorough understanding of the subject. As for the practical examinations, sufficient exposure to the examination is provided by the departments concerned and it is helpful to the students to perform well during the university examinations. At the end of each semester, model examinations are conducted to formulate a summative evaluation, and based on the results, students take necessary corrective steps in the preparation for the university examination.

As all the students attend these examinations compulsorily, they receive proper feedback from the teachers on their performance.

The students are evaluated by weekly exams, monthly exams and model exams.

2.5.5 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course / programme? Provide an analysis of the students results / achievements (Programme / course wise for last four years) and explain the differences if any and patterns of achievement across the programmes / courses offered.

For monthly exams, the parents of the students are invited to share our views and suggest remedies. The students are provided counseling and their weak points are brought to their notice and thus proper development of the students in terms of their course programme and overall performance is ensured. The details of the students result are available with the examination cell of the college.

2.5.6 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.)

The students are required to undergo a test for 75 marks for Internals. Efforts are made to ensure that timely and original submissions are made by the students and students are requested to make PPT presentations in their own style, group discussion, assignments and to ensure overall development of the students. The marks given to each student is modified by the concerned Head of the Department. University guidelines in this respect are strictly adhered too. The departments conduct internal assessment and provide 20% of the total credits assigned for a course on the basis of attendance, class tests, assignments and seminars. The better of the two grades of the class tests, performance in the seminar presentations and assignments and the percentage of attendance are considered for internal grades. Assignments are given well in advance in each semester and the timely submission is ensured by the departments. Internal grades are displayed on the notice boards to assure transparency and correctness before they are forwarded to the university. The behavioral traits, independent learning and communication skill of students are reflected in their presentations, viva voce, regular attendance and timely submission of assignments. The heads of the departments hand over Attendance and Progress Certificate of the students to the administrative section in charge of examinations. Only those students who secure 75% of attendance are eligible to appear for university examinations.

2.5.7 Does the institution and individual teachers use assessment / evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.

Yes, the IQAC of the College evaluates and monitors students' performances in the college. In this regard students are advised to prepare assignment, PPT, Seminars, group discussions and extracurricular activities; based on each performance the students are evaluated . University guidelines in this respect are strictly adhered too. The assignments, seminar presentations and test papers are considered as indicators of student performance.

The timely submission of assignments, attendance, scores achieved in the test papers and seminars are also considered for the award of grades. Grades are minimized for incorrect data presented late submission of assignments and absence in the class tests. Based on the achievement of the students in particular courses, alterations are introduced in the teaching strategies.

2.5.8 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

Students are free to submit their complaints, if any, to the Grievances Redressal Cell, ccnsisting of Heads of Departments and senior faculty members. If their complaints are not dealt with desire in the Cell, they can appeal to the Principal. Further justice, if needed, can be had from the University level committee. The college has a Student Grievance Redressal Cell which considers complaints of students regarding the internal grades awarded by the departments. The cell is constituted from among the senior teachers and heads of the departments. The university also has formed a Student Grievances Cell which considers matters regarding both internal grades as well as the grades at the end of each semester examinations conducted by the university. It offers an opportunity to the students to get their answer scripts re-evaluated within a stipulated time.

2.6 STUDENT PERFORMANCE AND LEARNING OUTCOMES

2.6.1 Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

Yes, the students have made some innovative contributions in terms of their projects and other small reports through science exhibition as per the instruction of the college designing examples by the college. In this the students expose their innovative skill, they are honored by prices. "Learn, serve and succeed" is the motto of the college, and to materialize this motto, the college aims to orient the young students towards academic excellence, personality development and social commitment.

The curriculum and the syllabi of the academic programmes offered in this college are transacted in such a way that these objectives are realized by the successful completion of the programmes.

Self-reliance and skills in communication, coordination, planning, management, academic writing, and presentation are to be acquired by the students through these programmes. These learning outcomes are communicated to the students' right from the beginning of the academic programmes during the induction ceremony and orientation sessions.

2.6.2 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

The availability of ICT in college and other Audio-Visual Aids are made accessible to the students which facilitate them in their intended projects. The institution promotes student centric learning through assignments, projects, seminars, project works and practical sessions, which help the students to acquire and develop skill in collecting, processing and presenting relevant data, and also develop skills in communication, co-ordination, planning, management and academic writing. As part of teaching-learning strategy, the institution provides the students with free internet access, INFLIBNET facility, EDUSAT, and these facilities help the students to collect up-to-date information for learning. The institution encourages field visits, industrial visits and interaction with experts through seminars and workshops, by which the students develop their knowledge, personality and social orientation.

2.6.3 What are the measures / initiatives taken up by the institution to enhance the social and economic relevance (quality jobs, entrepreneurship, innovation and research aptitude) of the courses offered?

The institution has planned quality development like Soft-skills, technical expertise and knowledge content among the students for placing them at better jobs. In this venture of the Institution, the Insproplus have come forward to the help of the Institution. All the programmes offered in this institution equip the students to undertake quality jobs and materialize their career ambitions. The college prepares and distributes booklets containing information on recruitment processes, higher education institutions, interview techniques, group discussion strategies and quality jobs. The college hosts campus interviews, career and higher education seminars. All the eligible students of the institution have registered with Tamil Nadu Public Service Commission (one time registration). The college periodically displays PSC/UPSC and other job notifications so that students can apply for them in time.

Training and Placement Cell are functioning in the campus to enhance the career opportunity and skills of the students. Students are provided with career magazines which enable them to cope with the current trends in the job market. We take students to visit leading R & D institutions to ignite scholastic aptitude among them. The active participation of students in national seminars is encouraged to develop their research aptitude. Entrepreneurial Development Cell under the guidance of the Department of Commerce gives entrepreneurial guidance to the students.

2.6.4 How does the institution collect and analyze data on student learning outcomes and use it for planning and overcoming barriers of learning?

The suggestions and ideas of the students forwarded through their projects and research reports are analyzed to frame future policies in the interest of the students. One of the barriers that were detected through this report of the students was their communication difficulties. Therefore, the institution has decided to set up a Language Lab and students are encouraged to read English newspapers, to take part in plays, and group discussion to improving their communication skills. The institution collects data on student learning on the basis of the result obtained in the semester examinations, and also from the higher education enrolment ratio from each programme.

The college also collects feedbacks from institutions and industries with regard to the performance of our students. The college offers academic guidance to those students who failed in the recent exams and also to successfully complete their programmes to reappear and clear the examinations. We offer special coaching to the weak students through the respective departments.

2.6.5 How does the institution monitor and ensure the achievement of learning outcomes?

The students have made some innovative contributions in terms of their projects and other small reports through science exhibition designing examples by the college. In this the students expose their innovative areas and they are honored by prices. Continuous evaluation under CBCS is useful in ensuring the achievement of learning outcomes of our students. Grades are given on the basis of the achievement of the required skills and abilities. Besides, the exposure provided to the students through various curricular and co-curricular activities on a regular basis ensure that the learning outcomes are achieved in the course of the programme. The results obtained in the semester examinations, higher education enrolment ratio and feedback from industries all point towards the achievement of the learning outcome of our students.

2.6.6. What is the graduate attributes specified by the college / affiliating university? How does the college ensure the attainment of these by the students?

Graduates of the College/ University are provided, in different course contexts, with the opportunity to develop the following specific attributes that are consistent with the broad graduate objective determined by the University Council. The college endeavors to mold its students into talented professionals in their respective fields of study. They are expected to have a strong understanding of the basics of the discipline undertaken by the time they complete the programme. Self-reliance and skills in communication, coordination, planning, management, academic writing and presentation skills are also expected in the students so that they can undertake any career that demands these skills. All the activities of the departments and the college are designed with this aim in perspective.

CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION

CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION

3.1 PROMOTION OF RESEARCH

3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency / organization?

Yes. Our college has a Research and Development Cell. That acts as a support and enabling system for faculty to pursue their research career successfully along with teaching. The Departments of Physics and Biotechnology have been applied to the University for the affiliation of research centers in their subject.

3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

The institution has constituted a Research Committee. Under the head Dr.R.Kuppusamy, Principal, has the following members are:

1. Dr. S.Basker.
2. Dr. P.Ayyappan
3. Dr. A.Nagendran
4. Dr. P.Gomathi
5. Ms.T.Parimalam

The committee organizes workshops on Research Methodology, Probable areas of Research and its scope etc.

- ✓ The college has a research committee to facilitate, monitor and encourage research activities.
- ✓ A senior faculty member is appointed a Dean, exclusively for the promotion of research.
- ✓ The Research committee comprises some faculty members representing all the research departments.

- ✓ The Research committee regularly holds interface meeting to promote research activities.
- ✓ Many of the recommendations made by the research committee are implemented in the campus.
- ✓ The Committee encourages the faculties to publish research articles in the form of books with ISBN number.
- ✓ To expedite the research activities, the institution subscribes more than 50 research journals and e-journals of national and international reputation.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?

Autonomy to the principal investigator:

Complete Autonomy is given

Timely availability or release of resources:

Teachers are giving free access to library, Labs etc. for preparation of their research projects.

Adequate infrastructure and human resources:

The college provides to the Researching teachers all kinds of possible aids within the framework of the college. All the researcher has applied UGC funding for their research.

Time-off, reduced teaching load, special leave etc. to teachers

As none of the teachers has started full-fledged research, they have not applied for Leave or Remission in their work load. But University norms are followed by the institution in this regard.

Support in terms of technology and information needs

Supports in terms of technology and information needs are plenty.

Facilitate the Institution of utilization certificate to the Funding authorities:

Yes

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

The students are encouraged to write research articles, Projects and Research papers. The Science Exhibitions are conducted in the college in which the students expose their innovative talents.

3.1.5 Give details of the faculty involvement in active research (Guiding student Research, leading Research Projects, engaged in individual/collaborative research activity, etc.)

- The Principal Dr.R.Kuppusamy had guided seven candidates for Ph.D and 40 M.Phil candidates. Also he is guiding five Ph.D candidates and four M.Phil candidates.
- Dr.S.Basker, Assistant Professor in Biotechnology is guiding two Research candidates in Plant Biotechnology. They are Mr.S.Karthik and Mr.P.Dheeban Shankar, Assistant Professor at Nandha Arts and Science College, Erode.
- Dr.P.Gomathi, Head of the Department in Tamil is guiding one Research Candidate.
- Dr.A.Annadurai, Assistant Professor in Tamil is guiding two Research Candidates.
- Dr.A.Nagendran, Head of the Department, Commerce CA has completed his Ph.D in Financial Management.
- Dr.P.Ayyappan, Head, Department of Management has completed his Ph.D in Financial Management.
- Dr.P.Gomathi, Head, Department in Tamil had completed her Ph.D.
- Dr.A.Mohanraj, Assistant Professor in Tamil has completed his Ph.D.
- Dr.A.Annadurai, Assistant Professor in Tamil had completed his Ph.D.
- Mr.P.Mohanraj, Assistant Professor in Management Studies has submitted Ph.D thesis.
- Five faculties of Biotechnology Department are going ahead with their Ph.D. Researches.
- Five faculties of Commerce CA Department are going ahead with their Ph.D Researches.

- Four faculties of Computer Science and Applications Department is going ahead with their Ph.D Researches.
- Two faculties of Management Department are going ahead with their Ph.D. Researches.
- One faculty of Mathematics Department is going ahead with her Ph.D. Researches.
- Three faculties of Corporate Secretaryship Department are going ahead with their Ph.D Researches.

3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

We have provisions to sanction leave for various kinds of research activities.

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness / advocating / transfer of relative findings of research of the institution and elsewhere to students and community (lab to land).

So far the projects for M. Phil. programmes have been completed by 70 faculties of our College, the findings of their research have been communicated to the concerned students and some of the communities are also being made aware of these findings. Some of these communities include: - (a) Media (b) Government (c) NGOs (d) Private Sectors and (e) Nearby villages.

3.2 RESOURCE MOBILIZATION FOR RESEARCH

3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

Required fund from the College Budget has been provisionally set aside for research work.

3.2.2 Is there a provision in the institution to provide seed money to the faculty for Research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?

Yes. The institution provides seed money to the faculty which is given below:

- The management encourages the teachers by giving cash incentives for receiving research projects and publishing the research papers.
- Travel allowance given to the teachers for presenting research papers in the National and international conferences.
- The institution provides registration fees for pursuing their Ph.D., research on e-based research techniques.
- The College provide loan to the faculty for completing their Research works.
- The College provides one part of money to publish books and articles to the researchers.

3.2.3 What are the financial provisions made available to support student research projects by students?

- The students are given special assistance by the college for purchasing.
- Boards, Photos, Books, cameras and other Audio Visual aids to enable the students to complete the research projects at UG, PG, M. Phil., and Ph.D.
- Fees concession for M. Phil Research Scholars who has complete their PG in our Institution.
- To encourage the researchers to giving Awards for their Paper Presentation.
- The College provides materials, equipments and one part of money for research work.
- Free Net facilities are available.
- Complete Autonomy to use library books, journals, e-book library are also available.

3.2.4 How does the various departments/units/staff if the institute interacts in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.

Nil

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

The college encourages the faculty to submit research proposals to various funding agencies. The Staff Academy in association with the Research Committee functions in the college to motivate faculty and students, to undertake projects, to organize and present papers in national and international seminars. Purchase of new books & Journals utilizing funds from different sources.

3.2.6 Has the institution received special grants and finances from the industry and other beneficiary agency for developing research facility? If, yes give details.

Yes. TNSCST sponsored "Applications of Science and Technology for Rural Areas" and NBHM sponsored "Workshop for college Teachers".

3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.

Nature of The Project	Duration year from to	Title of the Project	Name of the Funding Agency	Total Grant		Total Grant Received Till Date

3.3 RESEARCH FACILITIES

3.3.1 What are the research facilities available to the students and research scholars within the campus?

Students use the research center for research activities and also the following facilities are also available:

- ✓ The library of the college has Del Net facility.
- ✓ The Library has two systems for online searching.
- ✓ Advanced laboratory are also provided for research.
- ✓ Separate seating arrangements for research scholars.

The Research Committee of the college encourages and motivates its teachers to take up research projects and to foster a spirit of research among the students and the staff. The committee renders help to prepare proposals.

The committee is also involved in synchronizing and facilitating research activities carried out by the members of the faculty by providing access to relevant information regarding inter alias and funding agencies.

The Principal of the College is the Chairman of the Research Committee and the Head of all Departments are its members. Scrutiny and selection of various applications for projects submitted by the members of the faculty are done by the committee**.**

3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

The college provides e-journals, books and access to subscribed sites. The college provides seed money for research grants. The faculty is encouraged for their research participation by granting study leave and by providing infrastructural facilities. The college encourages the faculty to submit research proposals to various funding agencies.

The Research Committee of the college motivates faculty and students, to undertake projects, to organize and present papers in national and international seminars.

3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities?? If "yes", what are the instruments/ facilities created during the last four years?

All the Departments have applied grants for doing research to UGC and DST.

3.3.4 What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?

The college Library is well-equipped with Books & Journals and other Audio-Visual Support System. The selection of books is done by an expert committee of the college. The institution encourages the faculty to establish collaborative research work with research institutions and University Departments.

3.3.5 Provide details on the library/ information resource centre or any other facilities available specifically for the researchers?

- ✓ The College to help the research scholars to went nearby Universities and colleges to collect.
- ✓ The various Departments in the institution have collaborated research Work with following research Institutions.

Library:

- Erode District Library
- Del Net
- nlist
- Inflibnet.

3.3.6 What are the collaborative researches facilities developed / created by the research institutes in the college? For ex. Laboratories, library, instruments, computers, new technology etc.

The institution encourages the faculty to establish collaborative research work with research institutions University Departments.

The College has collaborations with the following:

Laboratories:

- Microsoft
- Tuka Cad Lab
- Biotech R&D Laboratories
- Microcore

Instrument:

- Mag solvic Pvt.ltd., Coimbatore.
- The premier scientific suppliers, Karur.
- Vi. Micro system Pvt.ltd., Chennai.
- Megatronic, Coimbatore.

Library:

- Erode District Library
- Del Net
- nlist

3.4 RESEARCH PUBLICATIONS AND AWARDS

3.4.1 Highlight the major research achievements of the staff and students in terms of

- **Patents obtained and filed (process and product)** NA
- **Original research contributing to product improvement** NA
- **Research studies or surveys benefiting the community or improving the services:**
  - Biotechnology department has given Incentive Training Programme for Secondary grade teachers in Erode District (Sponsored by TNSCST, Chennai)
  - Research inputs contributing to new initiatives and social development
  - Biotechnology Department has created awareness on social development by "Applications of Science and Technology for Rural Areas (ASTRA 2013)" (Sponsored by TNSCST, Chennai)
  - Biotechnology Department has made a research on eradication of *Parthenium* plant.

3.4.2 Does the Institute publish or partner in publication of research journal(s)? If yes, indicate the composition of the editorial board, publication policies and whether such publication is listed in any international database?

The publication of the journal is being proposed.

3.4.3 Give details of publications by the faculty and students:

3.6 EXTENSION ACTIVITIES

3.6.1 How does the institution promote the participation of students and faculty in extension activities? (NSS, NCC, YRC and other NGOs)

The college has been the centre of all activities, conducted either in or outside the college. We have our NSS (03 unit), Sports, Literary Associations, Cultural Association, Debating Association, etc., helping the students to prepare and build themselves fit to stand on their own feet and become capable to face the challenges in life.

The institution promotes the students participation in these extension activities through motivation, displaying notices and encouraging them by showing how their participation is going to be an addition to their achievements.

Participation of the students also helps them in seeking admission to professional courses (B.Ed., B.P.Ed.,) and higher studies. The students are promoted through classroom lectures and through programmes held at various occasions. Experts are invited and the students are encouraged to participate in different extension activities.

3.6.2 What are the outreach programmes organized by the institution? How are they integrated with the academic curricula?

The extension activities conducted in our college are through these units' viz. NSS, Sports, Language Lab and Fine arts club along with other associations. Throughout the academic year, the extension activities are conducted to promote various national, secular, democratic, social, political, moral, human values and awareness. The activities cover the area and the population in about 14 Kms circumference. The faculties are asked to co-relate the curricula with the extension activities to the maximum level and the participants are asked to prepare their reports on the experiences.

3.6.3 How does the institution promote college neighborhood network in which students acquire attitude for service and training, contributive to community development?

The institution promotes College neighborhood networks for the community developments by inviting the industrialist, social workers and progressive farmers into the campus. NSS camp at the nearby villages enlightening the villagers on different related issues.

They give necessary training to the students underlining the fact that only through the positive attitude for services community can be developed. These all activities and programmes are framed in such a way that they would contribute to community development by eradicating and getting rid of the social evils.

3.6.4 What are the initiatives taken by the institution to have a partnership with University/ Research institutions / Industries / NGOs etc. for extension activities?

These all extension activities are conducted independently and sometimes in collaboration with other educational and social institutions.

The local community is greatly benefitted by the institution. The people have been made aware of various social mal practices and evils like child marriages, drug addiction, alcohol consumption, need of ethics and morality in human life, and self-dependence etc. Organizing Science and Art exhibitions are held every academic year in the college campus.

a) NSS:

The village folk being backward, illiterate and unaware of new approaches to various areas in life, our three NSS units have been extending every year its sincere services to do away with the drawbacks and shortcomings by arranging the required programmes. Our campers have worked in those villages and planted trees, dug soak pits, built water conservation barricades and roads. The NSS units have succeeded in creating new awareness as regards agriculture, health, superstitions and education. Through special camp of 05-07 days, the students had changed the village lifestyle by cutting the useless shrubs on the road and by building new roads. A rally was

organized under the awareness programme against women harassment, traffic problems, tobacco eradication, AIDS, water management, etc.

b) Cultural programmes:

Every year our college celebrates a cultural programme called "HILARIO", in which more than 60 Colleges have participated in state level competition. Literary club "AZHAIGAL" and "Talentia" an intra-college cultural competition provide all students an opportunity to exhibit their talents..

3.6.6 How has the institution involved the community in its extension activities? (Community participation in institutional development, institution-community networking etc.)

Our College Departments had adapted the near villages' and educating the village people about Vermicomposting, Parthenium eradication, Herbal plants and its uses, Sanitation, AIDS awareness, Rain Water Harvesting, Importance of Solar energy, Importance of Health consciousness. Through ASTRA 2013 programme, the villagers are made aware of recent advances in science for their betterment of their lives and development. Our college had collected and donated the clothes, money and materials which is needed for Home for the Aged, Orphanages and Home for the Blind.

3.6.7 **Any awards or recognition received by the faculty/students/Institution for the extension activities?**

The institution encourages faulty members by conducting various programmes like, women's development cell, cultural activities, sports activities, conferences, workshop, and seminars for staff members of national professional bodies. We have to follow the rules of U.G.C. norms of service. For career advancement and training we sent our teaching staff for Orientation Programme and Refresher Courses for their retraining.

6.3.3 Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.

The performance based self-appraisal system captures all activities and it is based on the UGC model. Most of the teaching staff members will give above 75 of result in every semester. The institution takes action with the concern staff members in case of less than 75% of result given by them. The institution provides training for the staff members and they may make necessary changes in their performance on the top level. In addition with principal selected faculty and students are frequently met by the chair man in person to know the

activities. At the end of every year our Director receives the Confidential Reports of all teachers through the Principal. In the Report Principal evaluates the performance of staff and gives the grading according to the work performed.

6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?

The outcome of the review of the performance based self-appraisals is disclosed to every staff in a staff meeting. Based on the recommendations of the external experts cash incentives are provided to the staff. Common lacuna, if any, in the appraisal of all the staff becomes the sprouting point of policy intervention. The trustees are communicated about the common lacuna and necessary corrective steps to reinforce the common weaknesses are taken.

6.3.5 What are the welfare schemes available for teaching and non teaching staff? What percentage of staff have availed the benefit of such schemes in the last four years?

The mandatory welfare schemes such as contributory provident fund, medical insurance, employee health benefit are benefiting all the staff members. Preferential admission to wards of staff, considering wards of deceased employees for appointment are also in vogue and there are beneficiaries in the past.

6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?

Being a Self financing institution, large pool of young applicants is attracted. The institution is issuing open-advertisements in leading dailies to supplement the recruitment process. Initial attractive salary and enriching job environment draws good number of

applications in the recruitment process. Performance-based incentive system helps in the retention of meritorious teachers.

The congenial atmosphere, research-savvy environment and caring Management have made most of the appointed teachers to stay on till their retirement.

6.4. FINANCIAL MANAGEMENT AND RESOURCES MOBILIZATION

6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

The management has Academic and administrative committee, in which administrative committee has a panel of financial experts to ensure and monitor effective utilization of available financial resources efficiently. The management has already been computerized in the whole institution through LAN. This could helps to prepare the MIS report and ensures the available fund and other day to day financial admin activities.

6.4.2 What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.

The Institution use to conduct audit through internal and external as per the Indian government and UGC norms. The last audit was done during the financial year 2012 – 2013.

6.4.3 What are the major sources of institutional receipts/ funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any,

The Institution belongs to permanently unaided category; there is no any external funding from Government and any other source. The major source of the Institutional funds is only from the students' fee.

Since, we got status change certificate from UGC, we approaching a different UGC Grant applicable to self financing colleges.

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any)

The Institution belongs to permanently unaided category; there is no any external funding. The major source of fund generation to the Institution is only through students' fee. Apart from this, the management does not entertain and permit to collect the capitation fee or donation or any other charges.

6.5 INTERNAL QUALITY ASSURANCE SYSTEM (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

a) Has the Institution established an IQAC? If yes, what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance process?

Quality is mandatory in all fields and that applies to education too. Quality Assurance happens to be a continuous process and pursuit of high quality is the hallmark of progressive educational institutions. IQAC is a mechanism to build and ensure a quality culture at the institutional level. The mission of IQAC in our institution is "quality enhancement" and "quality sustenance". We believe that innovation coupled with consistent endeavor is the key to attain Systematic Progress towards quality cultivation. The IQAC being an integral part of the college works towards realizing the goals of quality enhancement by developing a system for conscious, consistent and catalytic improvement in different aspects of functioning of the college.

The IQAC assures the stakeholders i.e., students, parents, teachers, staff, would be employers, funding agencies and society in general - of the accountability and transparency in the quality management system of the institution and its concern for ensuring quality of education being imparted.

b) How many decisions of the IQAC have been approved by the management/authorities for implementation and how many of them were actually implemented?

The IQAC has been instrumental in introducing innovative practices like usage of visual aids in teaching

- ✓ Feedback from students and peers and other stake holders on various institutional processes
- ✓ Orientation programme for faculty to help them mould to a learner centric environment.
- ✓ Promotion of quality circles; motivating students to actively participate in quality circle forum
- ✓ Preparation of the Annual Quality Assurance Report in the prescribed format

c) Does the IQAC have external members on its committee? If so, mention any significant contribution made by them.

- N.A –

d) How do students and alumni contribute to the effective functioning of the IQAC?

Students and Alumni contribute a great deal for IQAC functioning. Alumni provide feedback and suggestions based on their industrial experience which in turn helps IQAC and institution to prepare and guide students towards a brighter career

e) How does the IQAC Communicate and engage staff from different constituents of the institution?

Under the supervision of the Principal - Chairperson of IQAC, various activities are assigned to different constituents. Also, they provide feedback on a regular basis which contributes for the smooth functioning.

6.5.2 Does the Institution have an integrated framework for Quality assurance of the Academic and administrative activities? If yes, give details on its operationalization.

Yes. The institution believes that only by integrating the academic and administrative activities, can quality be assured at all levels. We have achieved this integration to a greater extent by computerising the day to day activities through LAN.

6.5.3 Does the Institution provide training to its staff for effective implementation of the quality assurance procedures? If yes, give details enumerating its impact.

Yes, the staff has been attending various training programs and workshops on Quality assurance procedures. They have almost mastered the skills and help IQAC in its mission

6.5.4 Does the Institution undertake academic audit or other external review of the academic provisions? If yes, how are the outcomes used to improve the institutional activities?

In order to be in par with excellence, comparing and positioning ourselves against the benchmark becomes necessary. The suggestions and feedback are considered with priority.

6.5.5 How are the Internal Quality Assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?

The Internal Quality Assurance cell functions within the scope of UGC and Bharathiar University.

6.5.6 What Institutional mechanisms are in place to continuously review the Teaching-Learning process? Give details of its structure, methodologies of operation and outcome.

The academic monitoring group reviews Teaching-Learning process.

The IQAC members are divided into two groups, one group contributing towards academic activities while the other the administrative activities.

The modus operandi of the academic monitoring group

a. Review of the monthly syllabus completion report

b. Obtaining feedback from students and peers on faculty teaching process

c. Perusing the monthly test reports

d. Analyzing the progress by comparing reports on a monthly basis

The experts advise on the areas of improvisation and ensure result.

6.5.7 How does the Institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?

The institution communicates its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders through meetings, websites, social networks, emails, notices and reports.

CRITERIA VII: INNOVATIONS AND BEST PRACTICES

CRITERIA VII: INNOVATIONS AND BEST PRACTICES

7.1 ENVIRONMENT CONSCIOUSNESS

7.1.1 Does the institute conduct Green Audit of its campus and facilities?

Yes, our institute conducts Green Audit twice a year. Environment awareness program is conducted once in every six months as part of which rally is done and pamphlets are issued. Our NSS units, has adopted nearby villages, where tree plantation is done. Also trees are issued to every student when they complete their graduation.

Eco club has conducted awareness about various diseases and their preventive measures among the students and faculty members. Medicinal plants are grown within the college premises. Dustbins have been placed in every class room and everywhere inside the campus as part of eco club. The institution is now transformed into a paperless organization. All the circulars are sent through mail to minimize the exploitation of natural resources. Campus cleaning is done by the students of this club. Use of plastic is prohibited inside the campus. Plastic tumblers and plates are replaced by paper cups and plates in the canteen.

7.1.2 What are the initiatives taken by the college to make the college eco-friendly?

Energy conservation

- Solar power panel is placed in which solar energy is converted into electrical energy.
- There are stabilizers in the laboratory which ensures the regular supply of electricity to the machineries.
- All the members of the institution are conscious about the economic usage of electricity. Awareness is created among the students to minimize the electricity consumption by switching oof the lights and fans while coming out of the class rooms.
- As the classes are well ventilated and natural sunlight is ample, the consumption of electricity is reduced.
- In addition to this, an automatic tripper is placed in each block, which hinders the passage of electricity when not in use. Water recycling plant is installed and the recycled water is used for the plants and trees

Use of renewable energy

- For the disposal of waste in the college 'compost' technique is adopted. All the waste is filled in a pit and after a period of few months, it is used as manure for the plants.
- Our institution is planning to construct a biogas plant from which energy can be produced and utilized.
- Solar power panel is placed in the ground from which solar energy is converted into electrical energy.

Water harvesting

- Rain water harvesting project is already functioning in the college.
- Rain water from each block are passed through pipes which leads into the earth.
- Apart from this, waste water outside the building is united in one common place and fed into a small well.

Efforts for carbon neutrality

- The teachers and students of N.S.S Unit visit nearby industries to create awareness about reduced carbon emission.
- Many trees are planted in and around the city to reduce the pollution.

Plantation

- Tree plantation is done inside and outside the campus by the students of the institution.
- Our NSS units has adopted nearby villages, where tree plantation is done.
- The college issue trees to every student when they complete their graduation and insist them to plant it in their home.
- Every year around thousand trees are planted by Eco-Club of our college.

Hazardous waste management

- The college emits no hazardous waste.
- The students are aware of hazardous waste from various industries like chemical, plastics, electronic, textile and starch factories.
- The students and teachers of the college visit the nearby textile industries to make them aware of hazardous textile effluent and measures to treat the effluent. Number of lectures has been organized in the college on hazardous waste management.

E-waste management

- E-waste management is done by returning the older damaged batteries to the authorized distributor/vendor.
- Other electronic wastages are surrendered to the Corporation which is destroyed safely by them.

7.2 INNOVATIONS

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

- ✓ Newspaper reading is made compulsory to improve the language fluency and general knowledge of the students.
- ✓ The college has a central library which is enriched with more than 60 magazines, 10 journals and 16,000 books, text books, reference books, e- resources, audio-visual resources, CDs/DVDs, newspapers, employment news etc. The library is fully computerized with INFLIBNET, DELNET and internet facility.
- ✓ Intimation of student's attendance status to the parents through SMS is done every day.
- ✓ Warning letter is sent to the parents whose ward lack attendance at the end of every month.
- ✓ Every month, a feedback form is issued to the students regarding infrastructure and academic facilities, which is then scrutinized and action is taken.
- ✓ ASTRA is conducted by the college in which various courses have been conducted through which both public and students are benefitted.
- ✓ Our NSS units has adopted nearby villages to improve their health and hygiene facilities.
- ✓ Innovation day, a 3 day science exhibition is conducted every year to bring out the technical skills of the students.
- ✓ Anti-ragging committee is formed by the faculty members to prevent any unpleasant happenings.
- ✓ The college has five well equipped air conditioned computer lab each with sixty computers.
- ✓ The college has a communication laboratory with special software to improve the student's language fluency.
- ✓ Bank examination coaching was made it as a compulsory to the PG students of our college and for UG students its optional.

- ✓ NET, SET coaching is compulsory for PG students, our faculty members and outside members during weekends.
- ✓ To inculcate the Tamil culture and tradition among the students "Pongal Thiruvila" have been organized every year during Pongal festival.
- ✓ "Radiance" function has organized every year, to exhibit the students' business skills.
- ✓ "Hilario" – A state level inter-collegiate cultural meet organized every year in the college campus to exhibit the students' artistic talents.
- ✓ "Talentia" – An intra college talent festival conducted every year to find out the hidden talents of the students and train them to participate in university, State and National level competitions.

7.3 BEST PRACTICES

7.3.1 Elaborate on any two best practices which have contributed to the quality improvement of the core activities of the college.

1. DISTRIBUTION OF MERIT PRIZES TO STUDENTS

GOAL: To inspire a competitive mentality and to motivate the students to secure more marks than his/her peers in the vicinity in the University Examinations. This will indirectly motivate the students to get University Ranks in the Examinations.

OPERATION: Immediately after the publication of the University Examination results, a list of students who have secured 75% and more marks is drawn as eligible candidates for this scheme (25% Fee Concession). A list of students have selected for this scheme has been announced in a grand ceremony. College organizes graduation day every year with eminent academicians such as vice-chancellors for the distribution of Degree Certificates in the presence of parents. In that function, University Rank holders are also felicitated and Certificate of Merit is also issued to the students.

EVIDENCE OF SUCCESS: Merit prize scheme was started in the year 2004. The beneficiaries of the scheme are in the increasing trend in every semester as shown in the following table.

Year	No. of students in the	
	Even semester (April) Exam	**Odd semester (Nov.) Exam**
2004	49	92
2005	101	143
2006	112	179
2007	127	182
2008	115	202
2009	141	254
2010	233	271
2011	199	266
2012	178	243

This, in turn, helped in sustaining the momentum in achieving coveted University Ranks. Nearly the College gets 10 University Ranks every year.

Problem Encountered: Equitable distribution of the prizes among the students of science and arts streams is not possible.

2. GUEST LECTURES AND WORKSHOPS

Guest lectures and workshops are conducted by all the departments to enrich the students' knowledge.

GOAL: To equip the students with the current and practical knowledge; to enhance the presentation skill of the students.

THE OPERATION: Every department is mandated to organize three guest lectures and workshops in each semester by drawing eminent academicians/industry experts as resource persons. These programmes are planned in advance so as to optimize the resources without duplication and benefitting the most. All these activities are week-end activities without disturbing regular academic schedule.

EVIDENCE OF SUCCESS: The feedbacks received from the students encourage the continuance of the scheme. Earnestly it is expected that the employability and industry-readiness will increase.

PROBLEM ENCOUNTERED AND RESOURCES REQUIRED:

- Ensuring 100% presence poses problems since it is a week-end programme.
- Since almost all the students are from the village background, studied in tamil medium and also in Government schools, their English language skill is very poor. So it is very difficult for them to pick up the language skill even though tremendous efforts has been taken.

Strength:

- Department of commerce consists of well qualified teachers involved in teaching and research activities.
- Very good infrastructure.
- Enriched library facility.
- Well-equipped laboratories.
- Value added courses for all the students.

Weakness:

- Most of the students are from level background and does not have sound elementary education thus they are less motivated and have low educational aspirations.

Opportunities:

- Campus training and interview provide students with good opportunities to get them placed in reputed companies.

- Department is supported by college principal and staff members.

Challenges:

- Students are from rural background and have low motivation level towards higher education

Future Plans:

- To establish PG Program in Department of commerce
- To apply for National Level Conference by UGC and other funding agencies.
- Motivational classes for students.
- Inculcate research knowledge among students and enhance their communicative skills.

33. Teaching methods adopted to improve student learning use of audio

Apart from the traditional blackboard method the department follows

- Case study
- Power point Presentation
- Group discussion
- Industrial visits
- Projects
- Seminars
- Workshop
- Placement training
- Value added courses
- Communication English lab

Participation in Institutional Social Responsibility (ISR) and Extension activities- **The department students are participated in**

- **NSS units,RRC,YRC,ECO Club**
- **Blood donation camp**
- **Traffic awareness programme**
- **Rally and Awareness of various activities (UN days)**

- **Special camp in the adopted villages**

34. SWOC analysis of the department and future plans

Strength:

- Department of Computer Science consists of well qualified & experienced teachers involved in teaching and research activities.
- Very good infrastructure.
- Enriched library facility.
- Well-equipped laboratories.
- Value added courses for all the students.
- Industrial visit for every semester.
- Good placement record.

35. SWOC analysis of the department and future plans

Strength:

- ✓ Department of Biotechnology consists of well qualified teachers involved in teaching and research activities.
- ✓ Very good infrastructure.
- ✓ Enriched library facility.
- ✓ Well-equipped laboratories.
- ✓ Value added courses for all the students.
- ✓ Industrial visit for every semester**.**

Weakness:

- ✓ Most of the students are from background and does not have sound elementary education thus they are less motivated and have low educational aspirations.
- ✓ Declining interest towards science.

Opportunities:

- ✓ Campus training and interview provide students with good opportunities to get them placed in reputed companies.
- ✓ Department is supported by college principal and staff members.
- ✓ Diploma courses to support in their future.

Challenges:

- ✓ Students have to motivate for higher education and to encourage for various entrance exams such as CSIR, GATE, and NET etc.

Future plans:

- ✓ To establish Research center.
- ✓ To apply for National Level Conference by UGC and other funding agencies.
- ✓ To publish Project and research papers.

Format for Presentation of Practice

1. Title of the Practice

Providing value based education particularly to the unprivileged section of the men and women inhabiting rural areas in the vicinity.

2. Goal

The goal of the Institution is to provide value based education system. Hence in addition to the regular academic schedule, emphasis is given to the development of critical ability, work ethics and personality building. This is expected to help the individual to adjust to the socio-economic and cultural environment. Such enrichment is sought through motivating the academic and non-academic staff and the students, thus the aim of providing a conducive environment and excellent infrastructure is achieved. Besides, our college is very keen to offer vocational and extension programmes, so that the students get a relevant higher education and placement. The social responsibilities of the students are also highlighted through appropriate programmes.

3. The Context

Some of the challenging issues encountered by the institution are - drop-out, absence from the class, unawareness about the importance of the higher education among the rural people and helping poor and needy people. Nandha Arts and Science College also plays a significant role in establishing linkages between the College and the School Sector on one hand and between the College and the Industry & Trade on the other. The students are motivated and trained to appear for national talent search examinations in Science and Sports. But the absence of the students during classes and examination is very challenging task for the college to tackle. The basic goal of the institution is to build the personality of the student and make them fit into the outside real world and face with self confidence to achieve our basic goal. They are divided into groups in each and every class to face their challenges as a team work. When the nation faces the problems of unemployment, under employment and unemployable graduates alike, the college has the dream of releasing more employable, competent and positive individuals in the job market. For this, the college has to organize grooming sessions for the local students but they benefit a little as the proverb is 'Old Habits die Hard'. Gradually the situation is improving.

The Institute has also got a vision of making a conducive atmosphere for the learning-teaching process. It expects the individual teachers, non teaching staff and students to be self-motivated. For achieving this unique goal the institution believes strongly in 'transparency', `rapport and 'understanding'. But the response of the parents has not been so positive because they considered their wards more as earning member than a learning member. Now the situation has begun to improve thanks to the incessant and untiring efforts of all the members of the institution.

.

4. The Practice

The college organizes Orientation programmes for all classes at the college level with an aim to provide clarity into each course being offered specially with the introduction of the credit based system of evaluation introduced by the University. It builds the confidence of the students regarding the course selected. It creates awareness among the students about the subject of their choice. It provides information to the students about the opportunities that would be available to them after completion of the course. It encourages the use of Information and Communications Technology (ICT) in Teaching Methods – Teachers will be provided with training for preparing ICT based lectures with the help of the faculties of Department of Computer Science and Information Technology. The teachers will be encouraged to use E-Resources within the syllabus. Students are participating in various seminars, workshops and symposium by our college, university and other institutions. Every class students are divided into four or five groups according to the strength of the class with a leader in each group. Every day and every group discuss among themselves recording there improvements in studies. The group leader gets information from the class in charges; HOD's regarding special classes, coaching classes and guest lecturers and conveys the matter to their group. This sort of team education system is very effective and is able to achieve good results. Regarding the Non-major elective course and EDC, the students are very eagerly participated. Extension activity is giving good opportunity to the students to mingle with the public. It is a path way to the students to understand the society.

5. Evidence of Success

The Academic Monitoring Committee in association with the Examination Committee and Concerned Head of the Departments, keep track of the exam result and overall performances

of the students. The parents of the students are invited to share our views and suggest remedies. The students are provided counseling and their weak points are brought to their notice and thus proper development of the students in terms of their course programme and overall performance is ensured. The details of the students result are available with the examination cell of the college. The Academic Monitoring Committee of the College evaluates and monitors students' performances in the college. Their marks are taken for considerations and accordingly students are advised to make improvements. There is a substantial improvement approximately 60% (overall) in the performance of the students. University guidelines in this respect are strictly adhered to. The students have made some innovative contributions in terms of their projects and other small reports. One of the students of Science along with his group has come out with his original idea through short film and project in improving agriculture through organic farming and its importance in near future.

6. Problems Encountered and Resources Required

The problems are absence of the students, poor cooperation of the parents, poverty of the families, orthodoxical nature of the people in the surrounding, materialistic outlook of the people living in our place, ego problems and finally polluted environment of our area are some of the major problems encountered by the college during pursuing the practice. Most of the parents are working and the students are living in nuclear families. The earning of one member does not suffice to sustain the family. Therefore the students have to go for jobs at the cost of their studies. And it is very difficult for the college to dissuade them from doing so. It appears the parents are more interested in maintaining their livelihood than encouraging their wards to broaden their skills. The college is making all possible efforts to get over from this problem. In order to improve this situation, the college has decided to deploy teachers on Full Time basis to interact with the parents at their homesteads, but the college faces financial problems on this count as the college does not receive any financial assistance from the Government of Tamil Nadu. The college fulfils all its requirements through the scanty resources generated by the fees collected from the students which are too small in proportion to the larger goals set by the college. But the college is ever optimistic about achieving its future endeavours.

7. Notes (Optional) Best Practices of the Institution

❖ **Internal test**

Each and every week, weekly test is conducted by the departments, to assess the student performance. This will help the students to prepare for the examination, without having huge burden.
