To mould many young minds towards an excellence through education is our primary slogan of Sri Nandha Educational Trust (1992) started Nandha Arts and Science College in the year 2000, bearing the motto of Learn, Serve and Succeed. Career at Nandha is aimed at contributing the finest to the discrete in terms of amenities, individual drilling and most outstanding placement itinerary for students.

## About the Department

The Department of Commerce with Information Technology was introduced during in academic year year 2024-2025. This programme is designed to provide a wide range knowledge and skills in the field of Commerce and Information Technology.

It covers different core areas of commerce such as business Management, Finance, Fundamentals of Law, Accounting, Marketing, along with Information Technology. It enables the students to understand and demonstrate the concepts, techniques and trends in functional areas of business and able to face the challenges in the competitive world. This programme is implementing Outcome Based Education with Choice Based Credit System. This ensures that the outcome of each course defined in the beginning of the programme and matched with the real outcome of the students after the completion of the course. It also defines the professional competency of the graduates in next five years after the completion of the programme. This programme is enriched with evolving and dynamic syllabi, pedagogy, interactive lectures, assignments, and activities to ensure that the all students have achieved specified outcomes

### Vision

-  To produce socially responsible Commerce CA Graduates with Qualities such as competency, humanity and ethical values
-  To create a vibrant ambiance with state-of-the-art technology, Commerce CA Builds an infrastructure that encourage learning innovation, and entrepreneurship.

### Mission

-  To produce socially responsible Commerce CA Graduates with Qualities such as competency, humanity and ethical values.

## Industrial Visit

Industrial training helps students become aware of industry standards and procedures. It provides hands-on experience in a real work environment, enabling them to understand how an organization operates. It also helps students learn and apply the latest technologies for successful completion of the training program, students may receive certifications and recommendations from the company.

## Voyage

College life is one of the most memorable and enjoyable phases of a person's life. It brings new experiences and adventures that many students look forward to after finishing school. College trips, in particular, create unforgettable memories. One of the best parts of college life is going on field trips, where students spend quality time with friends and teachers while also learning new things. Whether it's a field trip or any other college outing, these experiences are filled with fun, excitement, and lasting stories. Every student has a unique and memorable experience to share about their college trips.

## MoU

We are proud to sign a Memorandum of Understanding (MoU) with Sakthi Sugars Limited to strengthen industry-academia collaboration. This partnership provides students with valuable industrial training, internships, and real-time industry exposure. The MoU facilitates guest lectures, industrial visits, and skill development programs led by industry experts. Together, we aim to enhance students' practical knowledge, employability skills, and career opportunities.

## Symposium

Our Symposium unites students, academicians, and industry leaders on a vibrant platform for innovation and idea exchange. The event showcases power-packed technical talks, expert sessions, and interactive experiences that bridge theory with real-world practice. Participants explore cutting-edge trends and gain hands-on insights into industry-driven applications. Be part of an electrifying experience that sparks creativity, builds connections, and accelerates professional growth.

## Student Talent and Innovation Forum

The Student Talent and Innovation Forum is a platform for students to showcase their talents and creative ideas. It encourages innovation, critical thinking, and collaborative learning. The forum supports overall development and empowers students to contribute positively to society. The forum aims to nurture creativity and inspire students to think beyond traditional boundaries. By promoting innovative thinking and problem-solving skills, it helps students develop the confidence to transform their ideas into meaningful projects and solutions that can benefit society.
