Industrial Training and Project Work

Industrial Training will support the students to aware of the industry norms and sequences. The students get the experience in a real work environment which can help them in understanding how an organization works. It helps the students in understanding and using the latest technologies. The students can get certifications and recommendations from the company after completion of their training program. At the end of fourth semester examination, every student respectively of UG/PG will so far undergo training 15/21 days.

Tours and Visits

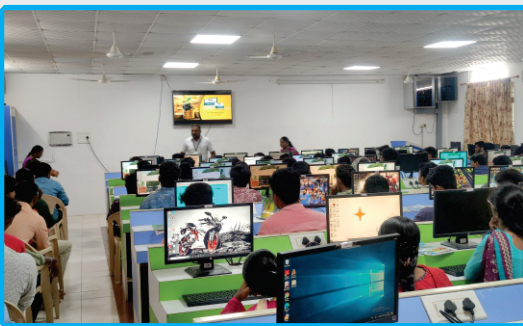

College life is one of a most memorable and enjoyable phases for everyone. College introduces us to new adventures that we dream about after school. College trips are unforgettable. One of the best part of college life is going on field trips, where students get to spend quality time with friends and teachers while learning something new. Whether it's a field trip or any other college outing, these trips are full of fun stories and adventures. Every student has their own memorable tale to share about their college trips.

International Conference

The prime objective of International Conference is to assemble the like-minded intellectuals and professionals to trade ideas, thoughts, and views related to a delineated topic of Commerce IT. A conversational atmosphere is created, which allows for discussing related theme/topic and the chance to hear from other participants. By learning about new topics and meeting leaders in their field, students feel encouraged and motivated. Our department has arranged a International Conference and published the articles in ISBN book series.

Special Framework of Commerce CA

- Promote transformation of Commerce with Computer Applications to future technology adaptation.
- Renovating academic excellency through skill exposure environment.
- To sensitize the students to do their roles in preparing the positions of leadership in business organizations moral responsibility .
- Promotes personal and professional development is the key to enabling individuals to reach their full potential and maximize their contribution to the country.
- To bestow the opportunity to the students in different ideas, to cross conceptual and disciplinary boundaries, and to become global citizens

who embrace diversity of thoughts and experiences.

- Leads them to discover and embrace new ideas to succeed their successful live career.

Ms. M.Monica Senior Associate , Capgemini
My sincere thankfulness to the department of B. COM (CA) at NASC. The department & professor helped me to develop my entrepreneurship skills during my final year of B. Com (CA). I gained more industrial knowledge, with the effort by myself & staff of NASC institution. My graduation at NASC has been very interesting & awesome journey.

Mr.B. Suresh , Virtual Engagement Manager, IndusInd Bank
I am very Happy and Privilege to share about My College which gave me a good platform to enrich my knowledge. I actively participated and learned infinite skills from My Staff. I am glad to provide you with my feedback about the college. My overall experience to date has been amazing, and the college is having an amazing infrastructure.

S.A. Suhail Ahamed - Senior Process Executive -CTS,Chennai
It's my immense pleasure to share about my college its completely different from our school life. Where i can gain more exposure and build myself with more confident. And I took participated in many activities with the help of my staff which helps me to become more sharper and brighter. Finally, our staff treat us like friend and from our college we can walkout with lot of experiences and good memories.

Sibiyaswanth N , International university of applied science, Berlin.
I am happy to share my UG in Nandha Arts And Science College which gave a great development in my skills. My professors motivated to complete Charatered Accountant Entrance exam. I have been worked as an accountant sector in various companies in US, Australia and India. Currently, I am pursuing an MBA in a German University Called IUBH, Berlin.
